

COVID19 Guidelines for Fall 2020 Developmental Season

As we have received more information from HYSA (thanks Scott), we wanted to put this information out to our clubs as we have received numerous inquiries from members regarding the fall season, any protocols or guidelines that Oahu League is looking to implement.

It is imperative that we all educate the parents, coaches in the clubs, referees, and players to enforce these guidelines to maintain a healthy and safe environment to keep the community active and minimize the spread of Covid-19.

Social Distancing/Group Gathering

- Maintain 6ft distance amongst substitutes, & technical area personnel (coaches, assistant coaches, and/or team manager)
- No group gathering unless more than 6ft apart.
- As much as possible, limit your groups interaction with other groups (in and out of your club). This includes training times during the week, pre-game, and post-game. Do your best to limit Guest Players, Club Passing.
- Depart the field immediately. We will be working on scheduling a little longer between games so this can be done effectively.
- Come to the field already dressed for training/game.
- No potlucks or gathering after games. We know this is a massive part of our culture, but for the time being we need to limit this.

Wearing Masks

- Players need to wear a mask when arriving or departing the park for soccer activities. It is not required during physical activity at this moment. This may change per the Mayor's request today to the Governor.
- Limit spectators from practice/training and even games. If spectators are present, they must socially distance and wear masks. If they do not want to wear their mask and/or socially distance, you will need to dismiss them. Spectators must abide by these restrictions. For League Play, we ask that spectators stay in their cars during match play for the Developmental Season.
- Our Game Day Ops Staff/Co-Assignors will be working with match day referees to ensure that all non-playing staff are reminded to wear their masks. Anyone that wishes to not wear a mask may be asked to leave the field and the match may be suspended until this occurs.

Health Check of Players/Coaches/Team Staff

- Parents are required to take temperatures of players before they come to the facility. HDoH or United States Soccer Federation has not recommended that this be done by the leagues at the facility. This is the responsibility of our individual families.
- All team staff, players, MUST self-screen prior to attending games or training.
- Symptoms to be aware of:
 - Sore Throat
 - Shortness of Breath/difficulty breathing
 - Fever greater than 100.4F
 - Chills
 - Headache
 - Sinus congestion or runny nose
 - Cough persistent
 - Joint aches and soreness or muscle / body aches
 - Vomiting or Diarrhea
 - Nausea
 - Fatigue
 - Loss of taste or smell
- If a player has been exposed to anyone who has tested positive to Covid-19 in the last 14 days, they are ineligible to participate in training or matches.
- If anyone involved with the team or someone in the household has travelled out of the state, they must self-quarantine and not attend training or games. Notify the team and club.
- If a team member/staff has had Covid-19 exposure in the last 14 days – they cannot attend any training or matches. Doctor's note will be required to return to training/matches.
- Wash Hands before you leave for training/matches.

Water Bottles/Personal Items

- No sharing water bottles.
- Pack two water bottles
- Have personal sanitizer in your player bag

Contact Tracing

- The State of Hawaii Department of Health (HDoH) advises that THEY will do the contact tracing and notify the appropriate people at the appropriate time.
- The parent /Coach/staff should notify their club/team immediately. The team should cease all activities immediately and let the league know so it can begin work on re-scheduling games for the next 14 days.
- Team staff (Coaching & Manager) need to maintain a list of all players at each game/training session to assist the HDoH in their contact tracing efforts. Make sure these lists have phone numbers. Time is of the essence for the Contact Tracers to manage this from the HDoH.
- This includes both sidelines (spectators, players, and Technical Area staff). Teams will be responsible for their own list of players, coaches, spectators. We would recommend that spectators stay in their cars for the Developmental Season.
- The Oahu League will provide the referee list to the HDoH. Teams will not be required to acquire all the information on opposition and referees. HDoH will contact the appropriate people at the appropriate time.

Matches that Quarantined Teams Are Scheduled

- For any matches that a team that may be quarantined for, we will look to reschedule the match as possible. If the matches cannot be rescheduled the match will be cancelled. There will be no forfeit fine assessed due to Covid-19.
- Player Fees - There will be no refund of the "Player Fee" for any cancelled seasons.
- Team Fees – for cancelled seasons will be refunded minus any league costs incurred through the cancelled season.
